

2026-2027 DRESS CODE & SHOE REQUIREMENTS

#THENEWRYTHMSZN34

At **Rhythm**, it is very important to be dressed appropriately for each dance class you take! Just like you wouldn't wear a tutu to soccer practice, we would prefer you save your soccer uniform for the field! Likewise, the same thing you wear to jazz class may not be appropriate for ballet class.

Dressing appropriately gives dancers confidence! It helps teachers better see body lines so they can help you become the best dancer you can be.

On the following pages, you will find our

***Inclusivity:**

One of our goals with our dress code is to be inclusive of all skin tones. For classes where it is appropriate for tights/shoes to match skin tone, we welcome dancers to choose an option that best matches their skin tone. This is a preference of the dancer. Some dancers prefer pink tights and pink shoes. Some dancers prefer to match the shoes and tights to their skin tone. We are open to what is preferred by the dancer. If you go with skin tone ballet shoes, you should also choose skin tone ballet tights for a continuous line and look.

So Danca (SD60 leather or SD16 canvas) seem to be the best options for Ballet shoes.

We have spoken with DanceMax about providing these options to our dancers of color. They can assist you with the best option for your dancer. Our dress code for jazz lists a specific tan jazz shoe (Bloch #SO497), however, as mentioned above, there are options available for other skin tones, so please be sure to ask the sales representative at DanceMax for those options when you are shopping for new jazz shoes. If you cannot find shoes to match your skin tone, we are happy to help you find a shoe or assist with painting/dying shoes.

If you need assistance in finding the right shoes for your dancer, we welcome you to contact us or DanceMax. In addition, if you have any other questions about dress code, please reach out! We are open minded to help your dancer find appropriate dancewear to help them feel confident in dance class!
